13 WATT CHIP ON BOARD DOWNLIGHT

LED down light features

Enlarged superficial area ensures the lamps with great heat dissipation, so that there is little light failure

Clear glass cover

-anti oil and antifog,antidust

Longer Life time

-Since LED ceiling lights last 70times longer than incandescent lights, as a result, cost of maintenance and replacement are reduced. And this also deduct the pollution to our environment.

Certificates

-CE, RoHS, including Europe test standard SAA EN60968 EN61547 EN55015 EN61000, SAA

Upshine original design

Dimmable is available :

-All triac dimmers are useful, fox example Clipsal leading edge dimmer, full dimming range, no flicker.

Clipsal trailing edge dimmer can work perfect with this dimmable lamp perfectly.

Perfect beam angle 60°

UV free

-unlike halogen bulb, LED spotlight is free from UV light, this means no skin damage and no fading of furnishings.

Mercury free, free from Mercury, lead

hexavalent Chromium and all other heavy metals considered toxic to be environment and our food chain.

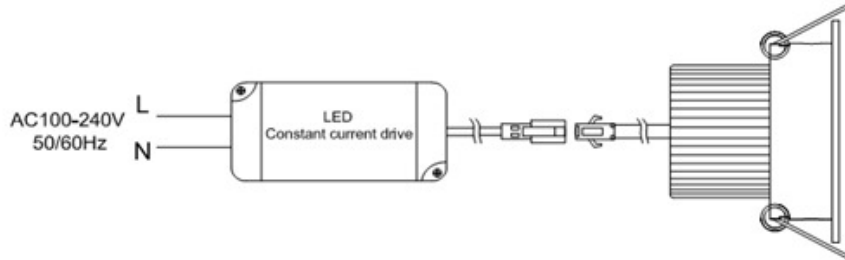

Unique designed LED chip

One pc 13W LED chip, cool white, 1000lumen, Warm white 750lumen, 3400K color is most similar to halogen lamp.
